

2010 TRAINING WORKSHOPS

WHAT

Hands-on, action-filled professional workshops for teachers and administrators of career, STEM (Science, Technology, Engineering, and Math), and technology education programs; taught by our team of technology education experts. Each workshop features **four days of concentrated training in the concepts, skills, and procedures that work best in the classroom**. Topics include:

Introduction to Lab-Volt's:

- Competency-based education
- Curriculum components
- Instructor's role
- Hands-on activities
- Planning, organizing, and record keeping in a modular, multimedia, learning environment
- Mind-Sight system
- Technical support

WHERE

Workshops are held in the **Lab-Volt demonstration lab** at our corporate headquarters in Farmingdale, New Jersey, which is **within minutes of the Jersey shore**. Our convenient location puts you within driving distance of Atlantic City, New York City, Philadelphia, and major airports. Renting a car is recommended so that you can take full advantage of all the area has to offer.

WHEN

Four-day summer workshops will be held on the following dates (**Classes fill quickly, so register early**). Alternate dates and locations may be available. Please call for further details.

- **Mind-Sight and eSeries Tech-Design, FACS, and Tech-World**
 - ▶ July 13-16
- **STEMcart**
 - ▶ July 20-23

* To make the most of your training session, please arrive with a list of the modules your school has purchased.

TO REGISTER

The Summer Workshop fee is **\$1000 for the first attendee and \$200 for each additional person** per school. This discount only applies for trainees attending the same workshop. Costs include workshop, materials, daily continental breakfast, lunch and snacks, as well as, one night dinner-by-the-sea! **Air transportation, land transfers, and hotel accommodations are not included.**

- To register by phone, call Dianne Benoit **1-800-223-1057** with all information requested on this form.
- Send E-mail to dbenoit@labvolt.com *Include all information requested on this form.*
- Complete the Registration Form on the back of this flyer and fax it to the attention of Dianne Benoit Fax No.: 732-774-8573.
